Tiger Door Screwless Vision Lights

If you're looking for non-fire rated FRP doors with a clean, vision light system, your search is over.

Tiger Door announces its new **Screwless Vision Light System**. Its unique snap-together installation design gives you a smooth, clean look without the need to use exposed fasteners.

Contact Tiger Door today.

- Pultruded sloped loose stop profile for limited dust/dirt accumulation
- Fully "welded" corners on vision light stops to eliminate seams
- Vision light stops can be gel-coated or painted to match door or a complimentary color
- Doors with vision lights come fully glazed from factory. No need to glaze at the jobsite
- Public side loose stops permanently affixed to door to provide maximum security
- **Screwless Vision Light System** will accommodate any type of 1/4" glazing material
